Research

Funding Opportunities

**Project grants**
Emergency Medicine Foundation, AU
These support projects that advance the field of emergency medicine in Queensland and build capacity there. Grants are worth up to AUD 150,000 per year for up to three years

**Maximum award:** AUD 450,000
**Closing date:** 26 Apr 19

**Priority impact research award**
Prostate Cancer Foundation of Australia, AU
This supports practical research with direct implications for men with prostate cancer, their partners and families on issues related to treatment, care and support in the near term. Grants are worth up to AUD 600,000 each for up to three years.

**Maximum award:** AUD 600,000
**Closing date:** 29 Apr 19

**Pilot and feasibility awards**
Cystic Fibrosis Foundation, US
These support projects that will develop and test new hypotheses or new methods, and promising new investigators as they establish themselves in
research areas relevant to cystic fibrosis. Awards are worth up to USD 50,000 per year for up to two years.

**Maximum award:** USD 100,000  
**Closing date:** 13 May 19

### Research grants
Myositis Association, US

These support new and innovative myositis research projects. Grants are worth up to USD 100,000 per year for one or two years.

**Maximum award:** USD 200,000  
**Closing date:** 15 May 19

### Vanguard grants
Heart Foundation of Australia, AU

These support feasibility testing of innovative concepts in biomedical, clinical, public health or health services, including clinical service delivery, which may lead to larger, more rigorous studies in the future. Grants are worth up to AUD 75,000 each for one year.

**Maximum award:** AUD 75,000  
**Closing date:** 19 May 19

### Industry research grants
Australasian Paediatric Endocrine Group, AU

These support research in Australia and New Zealand into any aspect of paediatric endocrinology, diabetes or growth disturbances. Four grants are available, worth up to AUD 60,000 each.

**Maximum award:** AUD 60,000  
**Closing date:** 27 May 19

### Tomorrow makers fund
Australian Mutual Provident Foundation, AU
This supports individuals who have a talent or passion for something that will ultimately benefit Australia’s communities. Grants are worth between AUD 5,000 and AUD 100,000.

**Maximum award:** AUD 100,000  
**Closing date:** 27 May 19

---

**ANZHNCS Research Foundation grant**  
Australian and New Zealand Head and Neck Cancer Society, AU  
This supports research in the area of head and neck cancer. The grant is worth AUD 20,000.

**Maximum award:** AUD 20,000  
**Closing date:** 31 May 19

---

**Doctor in training research scholarship programme**  
Avant Foundation, AU  
This supports young doctors in advancing their careers by developing research that promotes better patient outcomes. The budget for this round is AUD 450,000.

**Maximum award:** Not known  
**Closing date:** 31 May 19

---

**Health investment grants**  
Ramaciotti Foundations, AU  
These support individuals in universities, public hospitals or institutes undertaking health or medical research with a potential path to clinical application within five years. Up to seven grants are available, each worth up to AUD 150,000.

**Maximum award:** AUD 150,000  
**Closing date:** 31 May 19 (recurring)

---

**Research grant – macular disease**  
Macular Disease Foundation Australia, AU
This supports medical, social, low vision or nutritional research aiming to reduce the incidence and impact of macular ideas. Grants are worth between AUD 50,000 and AUD 100,000 per year each for up to three years.

**Maximum award:** AUD 300,000  
**Closing date:** 02 Jun 19

### Prostate cancer research programme – physician research award

**US Department of Defense, US**

This supports mentored research experience that prepares physicians with clinical duties for careers in prostate cancer research. Awards are worth up to USD 750,000 each over four years.

**Maximum award:** USD 750,000  
**Closing date:** 06 Jun 19

### Transthyretin amyloid cardiomyopathy research competitive grant programme for junior investigators – global

**Pfizer, US**

This supports junior investigators in conducting research projects that will improve the understanding of the epidemiology, basic science, early diagnosis and treatment of transthyretin amyloid cardiomyopathy. Grants are worth up to USD 75,000 each for up to one year.

**Maximum award:** USD 75,000  
**Closing date:** 15 Jun 19 (recurring)
