Funding Opportunities

**Health practitioner research scheme**
Queensland Health, AU
This supports Queensland-based research into health practitioner service delivery and workforce models that improve patient access to care and health outcomes. New researcher grants are worth up to AUD 15,000 each for one year; experienced researcher grants are worth up to AUD 35,000 each for one year.

*Maximum award:* AUD 35,000
*Closing date:* 09 Oct 19

**Seed grants**
Pablove Foundation, US
These support research into less common childhood cancers. Grants are worth USD 50,000 for one year.

*Maximum award:* USD 50,000
*Closing date:* 30 Oct 19

**Grants programme**
Deafness Foundation, AU
This supports projects that support the deaf and hard of hearing and align with the foundation’s strategic priorities.

*Maximum award:* Not known
*Closing date:* 31 Oct 19

**Translational research grant**
Harry J Lloyd Charitable Trust, US
This supports clinically important melanoma research. Most individual grants do not exceed USD 125,000 per year.

*Maximum award:* USD 125,000
Reducing stigma to improve HIV/AIDS prevention, treatment and care in low- and middle-income countries (R21 clinical trial optional)
NIH: Fogarty International Center, US
This supports research on interventions to reduce HIV/AIDS-associated stigma and its impact on the prevention and treatment of HIV/AIDS and on the quality of life of people living with HIV/AIDS. Grants are worth up to USD 275,000 each for up to two years.
**Maximum award:** USD 275,000
**Closing date:** 12 Nov 19

Standard research innovation grants
American Foundation for Suicide Prevention, US
These support new initiatives in suicide research. Each grant is worth up to USD 50,000 per year for up to two years.
**Maximum award:** USD 100,000
**Closing date:** 15 Nov 19

Clinical research award
Bayer, DE
This supports clinical research projects in the bleeding disorder field. Three awards worth up to USD 75,000 each for one year are available.
**Maximum award:** USD 75,000
**Closing date:** 30 Nov 19 (recurring)

Clinical research awards
American College of Gastroenterology, US
These support translational research in clinical gastroenterology. Awards are worth up to USD 50,000 each.
**Maximum award:** USD 50,000
**Closing date:** 06 Dec 19

Scientific research fund
Australasian College of Dermatologists, AU
This supports research into dermatology and allied or associated sciences. Grants are worth up to AUD 25,000 each.
**Maximum award:** AUD 25,000
**Closing date:** 31 Dec 19 (recurring)
Myeloid-derived suppressor cells as potential therapeutic targets in TB/HIV (R21 clinical trial not allowed)
NIH: National Institute of Allergy and Infectious Diseases, US
This supports innovative clinical, preclinical and non-clinical research to determine the potential of myeloid-derived suppressor cells as a target for host-directed therapeutics for tuberculosis in the context of HIV co-infection. Grants are worth up to USD 275,000 for two years.
**Maximum award:** USD 275,000
**Closing date:** 08 Jan 20

Special grant
Journal of Gastroenterology and Hepatology Foundation, AU
This supports research, education and training in gastroenterology and hepatology within the Asia Pacific Region so as to enhance health of communities and the quality of medical practice. Grants are worth up to USD 10,000 each.
**Maximum award:** USD 10,000
**Closing date:** None

Clinical trials, assays and biomarkers proposals
Immune Tolerance Network, US
This supports clinical trials and tolerance assays applied to allergy and asthma, kidney and liver transplantation and autoimmune diseases.
**Maximum award:** Not known
**Closing date:** None
